CLASS 14: HOME INSPECTION AND MAINTENANCE

Owning a Home of Your Own Starts Here.

The Homebuyer Club helps you prepare for the big step of owning a home.

- Learn how to pre-qualify for a mortgage loan.
- Find out how to develop a spending and savings plan.
- Review and understand your credit report.

A home is one of the biggest purchases you'll ever make. Understanding everything that's involved can make your homebuying experience more successful.

When you successfully complete the Club you will receive a certificate of completion and are eligible to apply for all VHDA loans.

To learn more, attend a Homebuyer Club meeting.
